

UNITED STATES DISTRICT COURT FOR THE  
WESTERN DISTRICT OF WASHINGTON  
AT SEATTLE

# NWDC RESISTENCE and COALITION OF ANTI-RACIST WHITES,

Petitioners,  
V.

IMMIGRATION & CUSTOMS  
ENFORCEMENT, et. al.,

## Respondents.

CASE NO. 3:18-cv-05860-JLR

## DECLARATION OF GEOFFREY WHITE

I, Geoffrey White, hereby make the following declaration with respect to the above-captioned matter:

1. I am an Assistant Field Office Director (“AFOD”) with the Department of Homeland Security (“DHS”), Immigration and Customs Enforcement (“ICE”), Enforcement and Removal Operations (“ERO”) in the Seattle Field Office (“ERO Seattle”). I have held this position since May 2023. Prior to this, I was a Supervisory Detention and Deportation Officer (“SDDO”) from June 2013 to May 2023 at the Yakima Sub-Office. I am currently assigned to the Northwest ICE Processing Center (“NWIPC”) in Tacoma, Washington. I have worked in various other positions within ICE since August 2005.

2. Among my responsibilities as the AFOD, I manage the detained docket for the non-citizens who are detained at the NWIPC. This declaration is based upon my personal and professional knowledge and information obtained from various records and systems maintained

1 by DHS and The GEO Group, Inc. in the regular course of business. I provide this declaration  
2 based on the best of my knowledge, information, belief, and reasonable inquiry for the above  
3 captioned case.

4  
5 3. The NWIPC is a private detention center owned and operated by The GEO  
6 Group, Inc. (“GEO”) on behalf of ICE. GEO is an independent contractor that provides the  
7 facility, management, personnel and services for 24-hour supervision of immigrant detainees in  
8 ICE custody at the NWIPC. GEO personnel, including all the guards at the NWIPC, are not  
9 employed by ICE. The NWIPC operates pursuant to the Performance-Based National Detention  
10 Standards 2011 (“PBNDS”). *See* PBNDS, available at: <https://www.ice.gov/detention-standards/2011>.

11  
12 4. The PBNDS is a performance-based contract, which is a results-oriented method  
13 of contracting focused on outputs, quality, and outcomes. Performance-based contracts do not  
14 designate how a contractor is to perform the work, but rather establishes the expected standards  
15 to be met, outcomes and results that the government expects. It is then the responsibility of the  
16 contractor to meet the government’s requirements.

17  
18 5. Medical care at the NWIPC is overseen by the ICE Health Services Corps  
19 (“IHSC”), which provides medical services through a combination of U.S. Public Health Service  
20 Commissioned Corps (“USPHS”) officers, federal civil servants, and contract health  
21 professionals.

22  
23 6. The PBNDS requires each facility to have written policy and procedures for a  
24 detainee grievance system. As required by the PBNDS, each detainee is provided with the ICE  
25 National Detainee Handbook, as well as the local supplement to the National Detainee  
26 Handbook. The local supplement provides the written grievance procedure at the NWIPC.

1       7.     Detainees are permitted to file a grievance against GEO or related to any services  
2 GEO provides at any time. Informal grievances can be submitted either verbally or in writing  
3 via a Tablet. Formal grievances can be submitted via Tablet or via paper. Formal grievances  
4 can be appealed to the Grievance Appeal Board, and if dissatisfied with the decision, individuals  
5 can appeal to the GEO Facility Administrator. A detainee dissatisfied with the final decision  
6 from the Facility Administrator is afforded the right to communicate directly with ICE.

7       8.     Detainees may also file medical grievances. Medical grievances will be reviewed  
8 by the Medical Administrative Staff. Any appeal of medical grievances is addressed by the  
9 IHSC Health Services Administrator.

10      9.     Misconduct grievances can be filed with the entity that the claimed offender  
11 works for.

12      10.    Misconduct grievances of ICE employees can be reported directly to ERO  
13 headquarters or the DHS Office of the Inspector General. Complaints about ICE employee  
14 misconduct can be submitted by calling 1-800-323-8603 or by writing to the DHS Office of  
15 Inspector General.

16      11.    Complaints and misconduct can also be reported by calling the Detention  
17 Reporting and Information Line (DRIL). The DRIL is a toll-free service that provides a direct  
18 channel for detainees to communicate directly with ERO to answer questions and resolve  
19 concerns. Operators are available 8 am to 8 pm ET Monday through Friday.

20      12.    Consistent with the PBNDS, GEO manages detainee access to email, telephone  
21 calls, and video calls.

22      13.    PBNDS lays out the procedures that are followed when a detainee engages in a  
23 hunger strike. *See* PBNDS, Standard 4.2.

1       14. A “hunger strike” is defined in PBNDS 7.5 as a “voluntary fast undertaken as a  
 2 means of protest or manipulation.” The same detention standard states that “[w]hether or not a  
 3 detainee actually declares that he or she is on a hunger strike, staff are required to refer any  
 4 detainee who is observed to not have eaten for 72 hours for medical evaluation and  
 5 monitoring.” ICE hunger strike protocol is specifically governed by PBNDS 4.2. Under this  
 6 protocol, a detainee is considered to be on a hunger strike when the detainee is observed not to  
 7 have eaten for 72 hours. *See* PBNDS 4.2(V)(B)(1). In practice, this means that a detainee must  
 8 not eat nine consecutive meals to be deemed to be on a hunger strike.  
 9

10       15. Per the detention standards, all facilities must notify the local ICE Field Office  
 11 Director or his/her designee when a detainee begins a hunger strike. *See* PBNDS 4.2(V)(B).

12       16. When a detainee is deemed to meet the standard for being on a hunger strike, ICE  
 13 initiates the hunger strike protocol in PBNDS 4.2, which sets forth a very specific process. This  
 14 includes admitting the detainee to the medical housing unit for monitoring the detainee’s food  
 15 and liquid intake, medical monitoring, mental health assessment as well as advisals regarding the  
 16 medical risks associated with refusal of treatment and “reasonable efforts to educate and  
 17 encourage the detainee to accept treatment voluntarily.” PBNDS 4.2(V)(D), (E).

18       Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury of the laws of the United  
 19 States that the foregoing is true and correct to the best of my knowledge and belief.

20       23      Executed this December 18, 2023.
